

The ACoRN: Acute Care of at-Risk Newborns Program

Workshop for Providers

Come and learn about approaches to neonatal resuscitation in this simulation based 2-day workshop for newborn care providers.

ACoRN Provider Workshop

May 13 & 14, 2023 | Cypress Regional Hospital

The ACoRN Workshop provides health care professionals with the knowledge and skills of neonatal resuscitation, assessment and management of the at-risk newborn. Participants must complete an online exam prior to the in-person component. The workshop utilizes simulation based education and debriefing to support team-based approach to care.

Who can take ACoRN?

Individuals providing newborn care such as licensed or regulated health professionals (or students) such as physicians, nurses, midwives, respiratory therapists or paramedics.

REGISTRATION - Save The Date
For more course information and details, contact:
Natasha Hydukewich, RN
E-mail: MatChildKMU@saskhealthauthority.ca

WORKSHOP FEE

SHA Staff/Physicians/Partner Organizations/Residents \$375.00

Participants are responsible for obtaining the ACoRN Acute Care of at-Risk Newborns 2nd Edition. This resource is available to order from the CPS at <https://bookstore.cps.ca/>. Participants are required to successfully complete the ACoRN Online exam as a pre-requisite to attending the workshop. Further details about the requirements will be included in the confirmation letter provided at registration.

Perinatal Education Program

The ACoRN Program has been approved by the College of Family Physicians of Canada for two (2) Mainpro+ Group Learning credits per hour of class time. The Royal College of Physicians and Surgeons of Canada provides 2 credits per hour under Section 2 Traineeship (maximum 12.5 hours) of class time and 3 credits per hour (up to 4 hours) under Section 3 Self-Assessment for the online exam.

Health care professionals can include their participation in the ACoRN Workshop as part of their Regulatory Body Continuing Competency Requirements.
